TWO-POWER DEADLOCK IS BEHIND ROW

Japan and Russia Viciously Interested in Manchuria—Soviet Is Watching

NIPPONESE TROOPS ON DEFENSIVE ONLY

TOKIO, Sept. 24 (AP).—Disavowal of any territorial ambitions in Manchuria, where Japanese troops occupy various points after clashing with Chinese garrisons, was announced tonight by the Japanese Cabinet, following an extraordinary session.

The Government said that in taking possession of strategic points along the Japanese-owned South Manchurian Railway, the sole aim of Japan was to protect its subjects in carrying on their commercial enterprises.

By NEALEY PARSONS
(Copyright, 1931, by The Chicago Daily News Foreign Service)

LONDON, Sept. 24.—The failure of the League of Nations successfully to intervene to prevent Japanese military penetration of Manchuria; Lord Cecil's suggestion at Geneva that the United States step in and mediate; the curt Japanese reply by occupying Harbin; Soviet Foreign Commissar Maxim Litvinov's ultimatum to the Chinese Charge d'Affaires and the Japanese Ambassador at Moscow that Soviet Russia can no longer remain a disinterested spectator—all these are forcibly focusing the dangerous two-power deadlock behind the smoke screen of the Chinese civil war.

INTERESTS INTERLOCK

The truth is that Japan and Russia are locked like an irresistible force and an immovable body over the determination of their spheres of influence in Manchuria. These spheres, curiously enough, at the present moment coincide with two railways. And the one thing which neither Japan nor Russia will tolerate in the settlement of this conflict is any foreign intervention—either by board of arbitration or otherwise.

The Russian sphere of influence extends along and north of the Chinese Eastern Railway. This is under joint Chinese-Russian operation. It extends from Manchuria to Vladivostok. It used to be a section of the old Chinese Trans-Manchurian Railway.

The Japanese sphere extends along and east of the South Manchurian Railway. This is under complete Japanese control, with an engagement whereby Japan is entitled to 15,000 troops in Manchuria to guard it or fifteen troops per kilometre.

LOCAL QUAKE RECORDED

OTTAWA, Sept. 24.—A local earthquake was recorded at the Dominion Observatory Wednesday. It was announced today. Starting at 5:08 p.m., E.S.T., the record continued for two minutes, with the distance to the epicentre estimated at 125 miles.

Milk Producers' and Distributors' Branch Organized at Duncan

Enthusiastic Meeting Representative of Milk Interests From Cobble Hill to Duncan Endorse New Contract and Form Organization for Mutual Benefit—Officers Elected

DUNCAN, Sept. 24.—At an enthusiastic gathering here tonight, attended by representatives from Ladysmith, Somerton, Duncan, Cobble Hill and intervening localities, a branch of the Vancouver Island Milk Shippers' Association was formed, and endorsement was given to the new form of contract which has been arranged for the co-operative development of the milk trade on the island.

NO POLITICS IN DOMINION'S AID

Senator Gideon Robertson Appeals for Fairness in Dealing With Economic Situation

VANCOUVER, Sept. 24.—An appeal to the press for fairness in dealing with the present economic situation and with the efforts of governments to meet it, was made by Senator Gideon Robertson, Dominion Minister of Labor, in an address before the Board of Trade here today.

The speaker emphasized that in the apportionment of relief work, political considerations would not be allowed to count, and stated that as a member of the upper chamber he was not tied down by the demands of any political element.

REACHES DUTCH EAST INDIES

BATAVIA, Java, Sept. 24 (AP).—Wing Commander Charles Kingsford-Smith, who left Wyndham, Australia, for England today, in an attempt to establish a new flight record, arrived at Cheribon, Dutch East Indies, this afternoon. He planned to fly to Victoria Point, Burma, tomorrow.

Good-Will Plane To Take Off for Tokio October 2

Promoter of Flight From Vancouver to Japan Visits City With "Mystery" Pilot—Canadian Plans Hop Soon From Seattle—Moyle and Allen Effect Repairs

WEATHER permitting, the proposed transpacific flight from Vancouver to Tokyo will start on October 2, it was announced here last night by W. H. Cross, one of the promoters of the Canadian Trader flight.

With him in Victoria was the "unknown pilot," who expressed his readiness to leave the Mainland city if weather reports on that day are favorable.

The pilot said he would carry enough fuel for fifty-five hours flying, and would cruise about 200 miles up the coast of Vancouver Island before heading out for sea. He hopes that the flight will be completed in forty-nine hours after leaving this coast.

The machine will carry a pilot, navigator and one passenger, possibly a young woman.

MEETS ROTARIANS
While in Victoria Mr. Cross and "the pilot" addressed a number of meetings and were introduced to the members of the Rotary Club at the luncheon meeting yesterday. Mr. Cross gave an interesting short summary of the purpose of the flight "to encourage trade with Canada." He gave the members some constructive ideas of the possibility of the Oriental market for consumption of Canadian goods, particularly those manufactured in British Columbia.

Tom Moore Re-elected President
VANCOUVER, Sept. 24.—The fourteenth successive call to the presidency of the Trades and Labor Congress of Canada was given to Tom Moore by the forty-seventh annual convention meeting here today. He was not opposed.

His colleague, P. M. Draper, was honored with unanimous election as secretary-treasurer, his thirty-second consecutive term of office.

Heading the poll, Percy R. Bengough, secretary of the Vancouver and New Westminster Trades and Labor Council, was elected as vice-president. R. J. Tallon, Montreal, was re-elected vice-president along with James Simpson, city councillor of Toronto.

Victoria, was elected to the British Columbia provincial executive.

GOVERNOR-GENERAL OF SOUTH AFRICA IS ILL

PRETORIA, South Africa, Sept. 24 (CP).—Both the Earl of Clarendon, the Governor-General of South Africa, and Lady Clarendon are suffering from malarial fever. The Earl of Clarendon is well known in Canada. He had some years of experience as a fruit farmer in Ontario.

After forty years' hard soldiering in many campaigns all over the world—including his command of the Canadian Corps on the Western Front during part of the Great War—and five memorable years as Governor-General of Canada, Lord Byng had surely been entitled to take a rest when he returned from the Dominion in 1926.

In less than two years his rest was cut short. There had been uneasiness for some time over the morale of the Metropolitan Police. So in 1928 Lord Byng entered the chief commissioner's room at Scotland Yard to take charge of some 20,000 horse, foot and motor police, as well as a platoon of policemen.

DID JOB THOROUGHLY
Lord Byng did his job thoroughly. An entire change was soon effected in police management of the West End. The force broadened and strengthened; beneficial transfers were effected.

Lord Byng was appointed by a Conservative Government. When Labor came into power in 1929 he tendered his resignation, but it was not accepted. There is consequently no justification for any belief that his resignation is due to the recent political change.

CENSORSHIP IMPOSED
BOGOTA, Colombia, Sept. 24 (AP).—Censorship was imposed by the Government here today.

ADDRESSED MEETING

The gathering was addressed by President George Clark, who explained in detail the proposed contract with the various dairy companies. Captain E. Livsey, secretary of the association, went into detail as to the benefits that would accrue to the producers from proceeding along definite, co-operative lines. J. S. H. Matson also explained various details of the movement.

After hearing the different speakers, the meeting unanimously gave approval of the contract and decided upon the formation of a branch of the association. The following officers were elected: President, L. S. Solly; directors, S. Lloyd, N. P. Douglas, B. C. Walker, M. Wilson, C. H. Wright and B. Young; secretary-treasurer, Wilfred Willett.

The newly-formed branch gave expression to its appreciation of the fine pioneer work done by Messrs. Clark, Livsey and Matson in developing the association to a point which gives great promise of mutual advantage to all those who are engaged in the milk-producing and marketing business.

Urges Building of P.G.E. North

BRIG.-GENERAL J. A. CLARK
Who is at Ottawa on behalf of the Provincial Government with a committee urging the construction of the P.G.E. north from Quenel as a relief measure. He interchanged yesterday that Ottawa favored partial completion as far as Prince George.

AGED CITIZEN PASSES HERE

William Henderson, Ninety-Four, Was One of Canada's Early Settlers

William Henderson, one of the pioneers of that fraternity of hardy Scots who came to Canada in the '30's and who helped to build up the Dominion from a sparsely settled community to one of the world's industrial countries, passed away yesterday morning at the family home, 2150 Oak Bay Avenue, after an illness of several months. He was ninety-four years of age.

His death was widely known throughout the city and province, and his death removes one of the links with the early life of the Dominion. For many years he was in the services of the Dominion Government and was always considered a competent and highly trustworthy servant of the public.

Almost three years ago Mr. Henderson fell, while working around his home, and broke his thigh bone. He has been an invalid ever since.

BORN IN DUNDEE

William Henderson was born at Dundee, Scotland, February 26, 1837, the eldest son of George and Annie (Cooper) Henderson. His father was town surveyor for Peterhead, Scotland, and a stonemason was employed on the construction of the original tower of the Parliament Buildings at Ottawa. In 1862 he went back to Aberdeen, where he died in 1902.

Primate Is Installed At Service

TORONTO, Sept. 24.—In a service replete with the solemn grandeur of the Church of England ritual, Most Rev. L. Worrell, Archbishop of Nova Scotia, metropolitan of the ecclesiastical province of Canada, was installed as Primate of all Canada today at St. Paul's Church.

Flanked by Archbishop F. C. G. Heathcote, Vancouver, porlocutor of the Lower House, and Rev. Canon P. H. Hartley, honorary secretary of the Dominion Council, the Archbishop of Nova Scotia was led forward and received the silver crozier from His Grace Most Rev. A. U. dePencier, Archbishop of New Westminster, who conducted the ceremony of installation.

This he administered the holy communion to the new primate. Then he in turn administered to the other bishops, and then to the congregation as it filed slowly forward.

BANS GOLD EXPORT

BOGOTA, Colombia, Sept. 24 (AP).—President Enrique Olaya Herrera today barred gold exports from Colombia under authority granted by a blanket enactment of the Legislature last night, and immediately began consideration of appointment of a bankers' committee of exchange to supervise exchange rates.

C.N.R. FREIGHT TRAIN DERAILED IN ALBERTA

DRUMHELLER, Alta., Sept. 24 (CP).—The engine and one car on the Canadian National Railway freight train, leaving here this morning, were derailed when entering Wayne, eight miles west of the town, where several sections of track when it plunged from the rails.

Investigation was being conducted by police, it was indicated the switch at the point of derailment had been thrown open and switch lamps removed. No one was injured and the train only slightly damaged.

CONFERS WITH PREMIER

OTTAWA, Sept. 24 (CP).—Hon. G. Howard Ferguson, Canadian High Commissioner, was in conference today with Rt. Hon. R. B. Bennett, Prime Minister. Discussion, it is understood, pertained to overseas matters in connection with the London office.

LEADING FINANCIER

Sir Josiah Stamp, world famous as both a masterful business man and a theological economist, is one of the really great figures of the pending emergency. He is chairman of the London, Scottish & Midland Railway, and a director of the Bank of England and an almost daily consultant in Downing Street with reference to the financial bearing of governmental policies. Big, robust, cordial and cultivated, he has the reputation of doing more work with less fuss than any other British financier.

Church of England Synod Supports Move for Shipment of Wheat to China

TORONTO, Sept. 24 (CP).—Suggestion that the Federal Government present to the Red Cross, either as a gift or on long terms credit, a generous amount of Canadian wheat to relieve flood, famine and other distress in China, was endorsed by the general synod of the Church of England today. It was a decision of the synod that would be a move deeply appreciated by the people of China, the resolution declared, and would gain the support of the Canadian people.

After lengthy discussion, the synod voted to instruct a committee to proceed with compilation of a revised hymn book and submit a draft to the next assembly three years from now. The present book was issued in 1905.

It was announced that the upper house of the synod had placed the necessary seal of approval upon the proposed change in the constitution calling for election of the primate by the synod as a whole.

FREE SILVER CRY RENEWED

Industrialists Declare Hope of World Is Centred in White Metal

LONDON, Sept. 24 (AP).—William Jennings Bryan's old free silver battle cry, "Sixteen to one," echoed today in a proposal by Sir Hugo Cunliffe-Owen, President of the Board of Trade, for increasing and stabilizing the price of silver.

Speaking at a luncheon at which C. H. Minor, of the Dominion employment service, are delighted with the appointment.

Commenting that silver has depreciated in value by 66 per cent and that it is the basis of value of three-fifths of the world's population, he declared that its price must be increased and stabilized or business cannot be revived.

The stagnation of the International General Electric Company, said Bryan was right, but ahead of his time.

WOULD AID TRADE

KINCARDINE, Ont., Sept. 24 (CP).—Adoption by the world of a bank of international credits, the monetization of silver and worldwide free trade were seen as solutions to the economic problems of the nations by Hon. James Macdonald, former Minister of Trade and Commerce, in an interview here.

The stagnation of gold reserves would be jarred into activity by the establishment of a bank of international credits, he said.

Restoration of purchasing powers to countries where there is a silver standard would be affected by the monetization of silver, he believed.

RELIEF WORK IS APPROVED

Saanich Unemployed Will Be Started on Road Improvements Monday

The Provincial and Dominion Governments have approved Saanich's programme of relief work. It was announced at last night's meeting of the council by Reeve William Crouch.

The programme will cost \$125,000, and will be carried out on Monday. Some 300 married men will be provided with employment as a result of the adoption of the plan.

Lord Byng assumed the commission of the province of road improvements, maintenance, new road work and cutting off dangerous curves.

Of the \$125,000 to be spent on this work, \$31,250 will be for material and the remainder paid to employees. The Dominion Government will pay \$46,875 of the labor cost and \$15,625 of the cost of material. The Provincial Government will pay \$23,437 toward labor cost and \$15,625. Saanich's portion of the relief work will cost \$39,062, the revee said.

The men will be employed on an eight-hour day, six days a week. Col. for payment in United States funds today cost that firm its contract for poles worth \$4,845 for the Hamilton Hydro Commission, and the commission, instead, awarded the contract to the Dominion Lumber Company of this city, whose tender amounted to \$5,260. With the Canadian dollar being discounted today at 8 per cent, the difference in the two tenders was almost offset by the demand of the United States lenders for payment in funds of the United States.

Members of Ratepayers' Body to Have Platform and Candidates

The Victoria Ratepayers' Association is taking an active part in the coming municipal elections. It was intimated yesterday when an announcement was made by the executive committee that a general meeting of all members had been called for next Tuesday night, September 29, in the Chamber of Commerce auditorium.

The executive committee has drawn up a platform of reforms in civic administration which it will ask the membership to approve. The platform, however, had not been made public, but it is said to adhere fairly closely to items of proposed economy which have been submitted to the City Council on various occasions since the formation of the association.

MAHATMA TO VISIT LANCASHIRE PLANTS

LONDON, Sept. 24 (CP).—Mahatma Gandhi, whose Indian National Congress civil disobedience movement and boycott of British goods in India hit the Lancashire textile trade a drastic blow, is going to Lancashire. He will spend a week-end in the heart of the factory district around Manchester, leaving London tomorrow.

Three or four Scotland Yard detectives, 200-pound huskies, will accompany Gandhi, for there are reports that some extremists have threatened dire events for the wisened little Mahatma.

Referring to the Peace River outlet, Mr. Pattullo asserted it was a duty of the Dominion Government to see that this area was provided with adequate railway facilities. He accused the "Toimie" Government of having passed up this situation for the last three weeks.

Personally he always had favored the P.G.E.'s extension to Prince George. But, he believed, it was the duty of Canada's two major systems and the Dominion Government to see that the necessary facilities were provided throughout the Dominion. If the Canadian Pacific Railway does not see fit to provide the Peace River area with the necessary Coast outlet, then it was the duty of the Federal Government to take immediate action and instruct the Canadian National Railways to find such an outlet and see that it was started at once.

If that railway be projected only as far as Finlay Forks, then, he asserted, it will be some time yet before operating returns would justify construction and it would only aggravate the P.G.E. situation, in his opinion.

PUBLIC INTERESTED

Mr. Pattullo stated he had toured a major portion of the province in order to get a refection of the public mind. The interest being taken in public matters had been apparent at every point he had visited. The people today were looking

for leadership and ideas, he continued. They were looking for a solution which would lead Canada and the world out of the present economic impasse. He felt international co-operation was necessary in the present crisis and forecast an early round table conference of the nations to seek that solution.

AGED CITIZEN PASSES

was married to Mary Jane Smith on July 21, 1862, and then went into the stone and fire-clay merchant business in Sinclair Street, in Aberdeen.

In August, 1872, he returned to Canada and settled at Ottawa, and in that year became assistant clerk of works for the Federal Government and, three years later, assumed the post of clerk of works on the death of William Hutchinson. In 1877 and 1878 he was an alderman of the city of Ottawa. In February, 1879, he was transferred to Winnipeg, and then to North Battleford, where he established his headquarters as clerk of works under the provisional government of Hon. David Laird. A. E. Forget was there at the time, and the three practically made up the then government of the Northwest Territories. Mr. Forget later became a Senator.

GENERAL CONTRACTOR

When Regina was created capital of the province, Mr. Henderson was transferred to that city and remained with the Government until 1887, when he entered a general construction business, and was engaged on a number of the public buildings of the Northwest Territories. In 1896 he was given the post of resident architect for the Territories, and on June 1, 1897, came to Victoria to be resident architect for the Federal Department of Public Works for British Columbia, which position he retained until his retirement in 1925.

It is to the credit of Mr. Henderson that he was the only resident architect in the employ of the Government at that time, who had complete jurisdiction over public works in British Columbia to carry out work he considered necessary.

EX-REEVE OF OAK BAY

His first wife, Mary Jane Henderson, died on March 31, 1894, and in October, 1917, he married Caroline D'A Lang, of Golden, B.C. During his residence here he was reeve and councillor of Oak Bay, and was one of the members of the council when Oak Bay became a municipality.

He was a member of the Masonic fraternity, and Henderson Lodge, of Victoria, was named after him. He also held high offices in Masonry. He was a staunch member of the Presbyterian Church, and was a member, senior clerk and elder of the Banks Street Presbyterian Church at Ottawa, and an elder of St. Columba Church here, and architect in charge of the construction of that edifice.

SERVING RELATIVES

Mr. Henderson is survived by two sons, Stuart Henderson, barrister, 1825 Fairfield Road, Victoria, and Gordon Henderson, B.C., Hope Chambers, Ottawa; ten grandchildren and four great-grandchildren. His residence was at 2150 Oak Bay Avenue.

The funeral will take place from Hayward's (B.C.) Funeral Chapel on Saturday afternoon at 3:30 o'clock, proceeding to St. Columba's Church, Oak Bay, where service will be conducted at 3:45 o'clock. The funeral will be under Masonic auspices, and burial will be in Ross Bay Cemetery.

WELLS PUMPED DRY AS VILLAGE BURNS

VALOIS, N.Y., Sept. 24.—Fire swept the business section of this Schuyler County village late tonight and at midnight was burning almost unhampered in the residence section as every well had been pumped dry. Valois has a population of 300.

The fire started in the Knights of Pythias' Hall, supposedly from a short circuit.

Damage was estimated at midnight between \$75,000 and \$100,000.

ROTARIANS HEAR B.C. DRAMATISTS

Talented Group of Players Give Interesting Programme at Thursday Luncheon

Members of the Victoria Rotary Club were given a pleasant change at their regular luncheon meeting held yesterday afternoon in the ballroom of the Empress Hotel. With President Percy Watson presiding, a group of talented artists from the B.C. Dramatic School entertained the gathering with a dramatic, exceedingly entertaining and displaying the finer details of the art of expression.

The piece chosen for the presentation to Rotary was "The Secret Garden," which carried with it a generous amount of material, giving the individual artist an opportunity to display his or her talent. The story was a simple one, but one with a depth of understanding of humanity and human nature.

MEMBERS OF CAST

The players were introduced by Major L. Bullock-Webster with an introductory outline of the objects of the society by Sando Bullock-Webster. Following the presentation, each one of the ladies in the cast was presented with a bouquet of flowers by President Watson on behalf of the members of the club.

The following took part: Miss Hazel Wright, Sheila Allard, Edward Colton, Jack Davis, Valentine Harlock, Arna Hayne, Mrs. P. Edmund Corby, H. F. Hewitt and Herbert E. Pott.

The business portion of the meeting consisted of the receipt of fraternal greetings from the Rotary Club of Metropolis, Brazil. The greetings were accompanied by a view of the city of Metropolis, with a request that Victoria send views. President Watson extended a welcome to the Rotary orchestra, which had been holidaying during the Summer season. It was announced that copies of the proceedings of the Rotary convention held recently at Victoria would be distributed to the members at the next meeting by W. F. Pinfield. An invitation was extended to members to accompany Rotary officers on a trip to Sequim for the next meeting. A number signified their intention of joining the party.

SEES NECESSITY OF RELIEF FUND

Official Visits Employment Bureau and Observes Needy Men in Search of Work

"Victoria's unemployed include the finest type of citizen," a representative of the Citizens' Unemployment Relief Fund said yesterday.

"Yesterday, I spent an hour at the Employment Bureau with an official who was there for observation purposes. This official saw men, who have passed the sixty mark and have given many years of faithful and unbroken service to individual firms, registering for relief work."

"It's terrible to see such fine men reduced to this condition," the official said; "men who have worked all their lives, serving employers faithfully and well, and giving their best years to the work of furthering their employers' interests; only to be thrown into a stagnant labor market through no fault of their own."

"Many of those unfortunate men would be helped by supplementing inadequate earnings from relief work. The Victoria Citizens' Unemployment Fund was created for that purpose. If you have not contributed a donation to support a campaign headquarters, View and Broad Streets, telephone Garden 1725, or to the city treasurer, E. C. Smith, City Hall."

OTTAWA FAVORABLE TO EXTENSION OF P.G.E. 83 MILES TO PRINCE GEORGE

Continued from Page 1

The Province proceeds with the construction of the railway from Prince George to the coast, a project which would be a fair proportion of the cost of such construction from the Dominion, if the cost of the Quebec-Prince George link, it is understood, would be something under \$3,000,000, as compared with an estimate of about \$5,000,000 to put the railway through to Finlay Forks, involving a stretch of 180 miles north of Prince George to the Forks. Estimated cost of construction is placed at \$25,000 a mile, with extremely easy grades northward of Prince George. If the whole project were undertaken, work would be provided for some 6,000 men, extending over a considerable period.

ACTED ON COMMITTEE

W. J. Blake Wilson, Willard J. Chen, General J. A. Clark and General J. W. Stewart, accompanied by Major C. R. Crysdale and engineers who have made a study of the ground, took up the British Columbia proposals at Ottawa for the Provincial Government. Premier Toimie had intended to present the proposals in person, but was held back in preparation for the arrival of Senator Robertson and the shaping of the British Columbia relief construction programme.

While the official announcement has yet been made, pending receipt of official advice from Ottawa, it is understood that the Provincial Government is inclined to favor construction of the P.G.E. to Prince George as a relief measure, if it can obtain satisfactory assurances that any Peace outlet constructed would connect up with the line.

FAVOR PEACE OUTLET

CALGARY, Sept. 24 (CP).—The executive of the United Farmers of Alberta has endorsed the demand for a Peace River outlet, declared Norman P. Fryderyk, vice-president of the U.F.A. today. The U.F.A. has continually advocated this scheme, he said, and thought that now the opportunity had come for the necessary construction work.

"It would put into circulation millions of dollars that would be economically useful and would fill a need that has been felt for

WORLD SERIES TO GO ON AIR

Graham McNamee to Give Play-for-Play Description Again

NEW YORK, Sept. 24.—Following a conference between Judge E. M. Landis, baseball commissioner, and officials of the National Broadcasting Company here, it was announced that N.B.C. will broadcast the world series.

The first game will be played at Sportsman Park, St. Louis, Thursday, October 1. Another game is scheduled at St. Louis, Friday, the series will be resumed at Shibe Park, Philadelphia, Monday, October 5. Three games will be played at Philadelphia. If more are necessary, the teams will return to St. Louis for two games.

Graham McNamee, who has described eight world series, will broadcast the play-by-play report.

The games at St. Louis will begin at 11:30 a.m. P.S.T. McNamee will begin his pregame description on the first day at 11 a.m. and on the second day at 11:15 a.m. The games at Philadelphia will begin at 10:30 a.m. P.S.T. McNamee will begin broadcasting at 10:15 a.m. each day. Combined N.B.C. networks will release the broadcasts.

Mr. Cross stated that if the take-off on October 2 was successful, the plane would fly over Victoria and would circle the city once more before heading for the North.

The machine will carry underneath the body the words, written in Chinese: "No Goods So Good as Canadian Goods." The flight, Mr. Cross says is solely for the purpose of putting Canadian goods on the markets of the Orient.

ORDER FUEL READY

SEATTLE, Sept. 24 (AP).—A request to a local oil company to have 800 gallons of aviation fuel delivered to Harry Conner, transatlantic flyer, and J. S. McDonnell, Jr., in preparation for another attempted transatlantic flight.

The two announced their intention to make the flight at Baltimore last week. They were scheduled to arrive here tomorrow.

Conner accompanied Errol Boyd, Canadian war ace, on a trip over the Atlantic last year. Their plane is reported to be a Bellanca monoplane with a cruising range of 6,500 miles.

TO LEAVE AT DAWN

NOME, Sept. 24 (AP).—Cecil Allen and Don Moyle, California aviators, completed repairs on their motor and spent most of today transporting gas to Solomon Beach in preparation for a take-off at dawn tomorrow for Puget Sound.

Moyle said their plane, the Clavin Madge, would be lifted into the air from the mile-long runway at dawn, weather permitting. He said a load of 800 gallons of gas would be put aboard and Tacoma would be their destination.

MONTREAL, Sept. 24.—P. L. Goodwin, Halifax, was elected national president as delegates of the United Postal Employees of Canada concluded their three-day convention.

UNIQUE GAVEL IS PRESENTED

Ladysmith Mayor Receives Memento From South African Namesake

LADYSMITH, Sept. 24.—The regular meeting of the Ladysmith City Council heard a delegation from the Board of Trade, headed by W. W. Waikem, president. The occasion was that of the official presentation of the gavel recently received from Mayor Corrigan, of Ladysmith, South Africa, to Mayor Mason, of this city.

The gavel takes a unique form. It is a pom-pom shell found in the city after the relief of Ladysmith, with the fuse core drilled out, and a Martini cartridge shell inserted as a handle. Surmounted with the coat-of-arms of the South African city, and the civic motto, "Forward, Ladysmith," on a miniature shield in silver and enameled relief, there is a dedicatory inscription on the polished casing. "To the Mayor and City of Ladysmith, Vancouver Island, from the Mayor and City of Ladysmith, South Africa."

A small cross-section of the African mimosa tree accompanies the gavel as a base.

SHOWS MUTUAL BONI

Mayor Mason thanked the Board of Trade for their efforts and thoughtfulness in the matter, and remarked this token, that signified a mutual bond between two distant cities of the Empire, probably carried another message, in that the South African town in the dark and dreadful months of siege thirty years ago had maintained a great faith that relief was at hand. Relief had come, a fine tale of heroism had blossomed through the headlines of the world, and today the Ladysmith of South Africa was a splendidly flourishing city.

If the darkest hour was before the dawn, he hoped that the gavel was an augury that the Ladysmith of British Columbia had passed through the dark hour of depression and would go forward to recovery and prosperity. At the same time he thought it would be an appropriate gesture to reciprocate, and on Alderman Davidson's motion, the council appointed Mayor Mason and Alderman Giovando to meet two members of the Board of Trade with a view to securing a suitable memento of a local character for presentation to Mayor Corrigan in South Africa.

ASKS FOR COMMISSION

A communication from the Automobile Club of British Columbia depicted the fact that frequent changes in government had a tendency to react unfavorably on proper road construction, as a government often abandoned projects started by a former party power. The Automobile Club asked support for its position that a permanent highway commission be appointed so that fluctuations in the party character of government would be discounted in their effects on roadwork. The council laid the matter over for consideration.

Alderman Radford, chairman of the electric light committee, requested that the council convene a special session to discuss light and power problems confronting the city. The city plant is now consuming coal from Nanaimo, and there is a grave doubt that the system is economically feasible. Detailed data will be ready for the special meeting, and should this show an operating deficit on the price of the Nanaimo fuel, the council would be faced with drastic alternatives to amend the present system of power production.

No date is set for the special meeting, but it is anticipated the information required will be available within a few days when the council will be called to consider the whole matter.

Frederick A. Nickells, Saanich Road, sixty-two years of age, was formally charged with manslaughter in the city police court yesterday morning and was remanded until Tuesday for hearing.

The charge arises out of the death of Miss Grace W. Scott, who was fatally injured when struck by an auto, alleged to have been driven by Mr. Nickells, last Saturday night at the intersection of Flanagan and Quadra Streets.

Mr. Nickells, following his arraignment, was released on bail of \$2,000. H. G. S. Heisterman appeared as defence counsel.

LIEUT.-GOVERNOR PRESENTS PRIZE

Oak Bay Scholars Receive Awards for Good Work During Past Term

Hon. J. W. Fordham Johnson, Lieutenant-Governor of the Province, made the presentation to Frank Morris, fourteen-year-old pupil of Willows School, of the Governor-General's bronze medal, won by the pupil heading the list of candidates at the recent high school entrance examination for Greater Victoria district. His Honor, in making the presentation, paid a fitting compliment to the winner, who is now in attendance at Oak Bay High School.

The ceremony was a part of the annual presentation of prizes made to pupils at Willows and Monterey public schools in Oak Bay. In addition to this prize, Barbara Wilson, the leading girl pupil in the same school at the entrance examination, was presented with a prize by Trustee F. P. Curtis. Fred Corral and Edna Bates were presented with special awards for having attended school for five years without missing a day. Trustee R. R. Wilson made the presentation. Norma Pile was given a special prize by Trustee C. Macdonald for a winning essay on fire prevention.

Dr. S. J. Willis, superintendent of education, presented the entrance certificates. The domestic science prize work of Barbara Wilson and Norma Pile won special recognition.

At the Monterey Avenue School Dr. Willis presented the entrance certificates, and Mr. Curtis the prizes to leading boy and girl. Fred Pearce and Otilie Boyd. Fred Pearce also got a prize for his science prize for his paper on fire prevention, which was the best in the district. Inspector A. C. Stewart gave a domestic science award to Shirley Wedderburn.

CULBERTSON on CONTRACT

by Ely Culbertson

World's Champion Player and Greatest Card Analyst

BRILLIANCY PLUS ACCURACY

Quite frequently in Contract a situation arises where only one unusual distribution of the cards will permit the making of the contract. In such cases an expert player discounts the factor of probability and hopes that Fate has been kind to him. The issue is distinctly up to the kindness of Fortune, although even Fortune should be aided in every possible way to bestow her favors where they are most needed.

The hand given below gave Sam Fry, Jr., of the famous young players of New York, who promises soon to take his place in the expert ranks, an opportunity to play both brilliantly and accurately in the recent team-of-four contest for possession of the City of Asbury Park challenge trophy.

The Bidding:
(Figures after bids in table refer to numbered explanatory players.)

South	West	North	East
10	Pass	30(1)	Pass
40(1)	Pass	Pass	Pass

1. In support of South's bid of one heart, North can count four near half playing tricks. These include two tricks for the heart length and honors, one trick for the club Ace, half trick for the spade King and one trick for the shortness in spade suit. There is, in addition, the uncounted value of the diamond Queen, which in the play proved the determining factor in the making of game.

2. With North's strong support for the heart bid, South, who has a half honor trick more than required, and additional strength in trumps bids for game—a justified risk.

In the play West opened his fourth best spade. East won with the Ace and shifted to the club Queen. Mr. Fry wisely permitted his opponents to hold the first club in order to prevent West from getting the lead. When East's Queen of clubs held the first trick, he continued that suit and the Ace of clubs in the North hand won. Now the three outstanding trumps were drawn, the King of spades cashed in the North hand and the last club in the Dummy trumped in the closed hand. South then led his last spade from his own hand with a trump lead in order that he might make the play upon which game depended. If West held the

diamond King, the game was safe but if the cards had been so distributed that East held the King, Jack, Ten of diamonds, he must be prevented from advantageously leading any other suit than diamonds after winning the first diamond trick. Mr. Fry led the Nine of diamonds. West, of course, did not cover because he had no card higher in that suit. A low diamond was played from the Dummy hand and East won with the Ten. Whatever play he now chose must give South his contract. As a matter of fact, East elected to return a diamond and this was permitted to run to the Queen in the Dummy. The twelfth trick was won with the diamond Ace and the last trick with a trump.

Thus by careful play from the beginning of the hand, South was able to make his contract. Seeing all the cards, the play does not appear difficult, and, as a matter of fact, an opening diamond lead would have defeated the contract, but there are few players who will choose for a blind lead the top of a three-card suit headed by the eight spot, which offers neither the possibility of establishing a card nor the chance of ruffing a later lead of the suit.

TODAY'S POINTER

In the forcing system, practically the same honor strength is shown by the opening suit bids as by the opening no-trump. The chief difference is that the honor strength might be concentrated largely in the bid suit, while in no-trump the definite inference of distributed honor strength in an evenly-balanced hand is conveyed, rendering it, as a rule, stronger defensively. It follows that practically the same minimum and forcing responses apply to opening no-trump bids as to the opening-suit bids. One must keep in mind, however, that bare two and a half honor trick no-trump bids are rare and that vulnerable, the no-trump promises at least three honor tricks. Consequently, the minimums given for the regular and forcing responses can be slightly shaded.

Province Approves Partial Programmes in Cities Totalling \$2,000,000

Settlement of municipal programmes to permit an early start being made on needed relief works was being carried out by the Provincial Government yesterday, in conjunction with Federal officials. Programmes running to close on \$2,000,000 in municipal works have already been tentatively approved, affecting some fifteen cities and districts. Senator Gidson Robertson, Federal Minister of Labor, will arrive in Victoria today, when execution of the British Columbia agreement with Ottawa is anticipated.

Victoria City proposals are to be taken up by the Government today. The city is asking approval of works totalling some \$500,000, not all of which would necessarily be started at once. Saanich officials conferred with the Government yesterday, and will return today in respect to a programme on which \$125,000 was proposed as the aggregate cost.

MILLION IN VANCOUVER

Approval of the Vancouver City programme up to a cost of \$1,000,000 was given yesterday by the Government. To this was added recognition for Burnaby plans up to \$400,000, New Westminster \$200,000, and Richmond, \$100,000, where the sums named are the aggregate costs of works at present approved, subject to necessary ratification by all parties. Previous announcements include work plans in other centres, as follows: Nanaimo, \$76,000; North Vancouver district, \$122,500; West Vancouver, \$26,000; Port Moody, \$20,700; New Denver, \$1,500, and Salmon Arm City, \$10,900.

North Cowichan and Roseland delegations waited on the Government during the day, but their programmes have not yet been announced.

FEDERAL OFFICER

For the present authorities are scaling down the plans submitted by municipalities, allowing a proportion of the works proposed in each case so that no hardship will be caused through delay from final settlement of these agreements in due course. Materially larger programmes have been presented by the municipalities in each case, based in some cases on works that were designed to last for a considerable number of months.

Once the Federal-Provincial agreement has been executed, financing of the plans by sums advanced by Ottawa through the Province, it is expected, will be set in motion. A Federal officer is to be named to watch the interests of the Dominion in each province.

LOCAL BUSINESS MAN IS HONORED

Beaumont Boggs Receives First Life Membership of Fire Insurance Agents' Association

In consideration of his long association with the fire insurance business in Victoria, Beaumont Boggs, prominent local businessman, was made a life member of the Victoria and District Fire Insurance Agents' Association at its quarterly meeting in the Gordon Building, Yates Street. Mr. Boggs was given full voting privileges with the honor. A distinguishing feature of the action is the fact that Mr. Boggs is the first man to receive a life membership from the organization, and in bestowing the honor upon him, John L. Mara, president, expressed the hope that the first life member would live many years to enjoy it. Mr. Boggs, in thanking the association for the honor conferred upon him, said that he believed that he was the oldest living member of the

original association formed by fire which organization so many daughter insurance agents in Victoria, from their societies had sprung.

THE LATE WILLIAM HENDERSON

"How wonderful is death!" exclaimed the poet Shelley—"Death and his brother sleep!" When a man has attained the great age of more than four score years and ten, years of activity spent in the service of his country and in the performance of duty to his fellow-men, his passing hence must surely be more like a peaceful sinking into sleep than a struggle to resist the conqueror who is unconquerable.

For a longer period than most of us can accurately compute, the compact figure and strong features of Mr. William Henderson were to be seen daily on the streets of Victoria, going forth to the task which he performed with that thoroughness which is characteristic of his countrymen. All through his long and honorable life Mr. Henderson set an example which it would be well for Canada if all Canadians would follow. He stuck to his job, and neither the length of the working day nor the number of working hours in that day affected his attitude to his work. He stayed in his office until he had finished whatever he considered necessary should be done.

But neither the great natural strength of the constitution of the man nor the depth of his determination were proof against the effects of time. He realized the enemy and remained on his job for many years after ordinary men would have sought rest and peace in retirement. But there came a day when his figure was no longer to be seen upon the streets by people who knew him well and for whom he always had a kindly word of greeting. His great physical and mental powers had begun to wane, and then he had to acknowledge by retirement that his active work was done. And today our task is publicly to record his death after an unusually long, busy and useful life. That is all. We have not a word of regret to express at his passing, but merely a far from conventional expression of condolence with his wife, his sons and his grandchildren in the breach which has been made in the family circle. When a good man literally well-stricken in years dies, what more can be said?

NEW CANADIAN PRIMATE

In the election in Toronto by the House of Bishops of the Most Rev. C. L. Worrell, Archbishop of Nova Scotia, to be Primate of the Church of England in Canada, the centre of the church responsibility is shifted from the Western provinces to the Atlantic seaboard. Archbishop Worrell, who has been acting-primate during the past year, succeeds Archbishop Matheson, who has been a commanding figure in the religious development of the West. Dr. Worrell's work has lain in more settled conditions characteristic of the east of the Colonist. Sees, it having been founded in 1787. He was consecrated Bishop of Nova Scotia in 1904, and in 1915 became Archbishop and Metropolitan of the Province of Canada, which embraces the dioceses of Nova Scotia, Quebec, Fredericton and Montreal. Added responsibility inheres in the primacy in that the General Synod accepted the suggestion of the Anglican National Commission, that "the office of the primacy be enlarged so as to enable the holder thereof to have a greater influence on the general life and work of the church." The greater contribution the Church of England has made to the religious life of Canada is an assurance of success to this communion and its distinguished head.

WHO KILLED THE LIBERAL PARTY?

For many years Rt. Hon. David Lloyd George has been one of the most conspicuous figures in the public life of Great Britain. But for his illness, which is widely deplored, Mr. George would be a conspicuous figure in the Imperial House of Commons at the present time; but fate has dealt hardly with him, and under circumstances in which he would be in his element and which he would enjoy, the potent voice of the Liberal leader, which has been silent for some time, has been heard but once, and but feebly. Mr. George has spoken and has said something he was expected to say. He has said that he is opposed to a general election.

For two years the Liberal leader has been saying the same thing and has supported what he said by his actions. As Liberal leader he had the power to destroy the Labor Government and to save the country from the consequences of the policies of that Government, but he kept the administration in power and supported it in its policies until the Government brought the country to the verge of ruin. The Liberal leader was more concerned about the future of the Liberal party than he was about the future of the country. The Labor Government fell in the absence through illness of Mr. George, the country was saved just when it appeared to be upon the verge of ruin, and the Liberal party as a consequence of the tactics of its leader is on the verge of political extinction.

The ambition of Mr. George was plainly evident: it was to keep the Tories out until circumstances compelled the Prime Minister to seek support and strength from the Liberals; but instead of purchasing the favor of the Labor members by keeping them in power until his purposes were ripe and ready to reap, Mr. George aroused the resentment of Labor, and he was publicly charged with having encouraged the Government in its policy of ruinous extravagance and with having been the cause of the debacle which preceded the fall of the MacDonald Administration.

Thus we have another illustration of the poetic truth that the best-laid plans of men as well as of mice may be brought to confusion by unanticipated circumstances. There is a new political picture in Britain, and Mr. David Lloyd George is not in it. There is a new Government in Great Britain and Mr. David Lloyd George is not in it, neither did he have a hand or a voice in the

making of it. If the Tories are not in, they dominate the Government. Instead of a Liberal-Labor coalition, there is a National Government in which all the elements (except the Mosleyites) are represented. What might have happened if circumstances had not eclipsed Mr. George at a critical period in his public career, who shall undertake to say?

Mr. David Lloyd George, reviewing the political debris from afar, now declares that there must not be a general election. It is not hard to surmise why Mr. George does not want a general election. He is an astute politician, and in declaring that there must not be a general election he is probably more concerned about his own future and the future of the Liberal party than he is about the future of the country. Under the leadership of Mr. George the historic Liberal party has been "falling by degrees and growing beautifully less" until it is but a shadow, and in the event of a general election there probably would not be a fragment left for the leader to pick up and try to fan into a semblance of life.

Free Trade and the British Liberal party appear destined to pass into oblivion together, for most of the prominent and influential Liberal leaders have renounced the principles of Free Trade and adopted the principles of Protection.

A WORD WITH CORRESPONDENTS

The Colonist appreciates letters from correspondents upon all subjects of public interest provided the letters are not of inordinate length. We therefore regret to announce that, owing to the circumstances of the times, it has been found necessary to apply a limit to the number and the length of the letters which shall be published in future. Complaints have reached us that the space allotted to correspondence has begun to encroach upon the space available for news. In particular, the fact has been observed that communications upon religious subjects are prolific, and never have a clarifying effect upon the subjects. Other papers have acted on this matter, and in our own interests it has been found necessary to follow their example. The selection of letters suitable for publication must be left entirely to the judgment of the editor, and this may be taken as an intimation that remonstrance or argument on the matter will be useless.

REPARATIONS

In Germany reparations amount to 16 per cent of the budget of that country. Her internal debt and reparations together amount to 25 per cent of the Reich's Budget. In Britain the debt absorbs 40 per cent of the budget. Under the moratorium for one year Germany will be relieved of having to pay the outside nations 16 per cent of the revenue she collects. Under the same moratorium Britain suffers a monetary loss of \$250,000,000 for the year. In proportion to population, and indeed, viewed from any angle, Britain is easily the heaviest sufferer of any European nation. Germany gains, and the only country that does gain. The burden falls on Britain at a time when she is using every means in her power to maintain the stability of the pound sterling.

It is obvious in a comparison of this character that reparations do not constitute the burden to Germany about which she complains so much. The burden there, as a matter of fact, is largely a psychological one. France owes four times as much money as Germany does. What has happened in Germany is that the people have been persuaded that their sufferings are due to the humiliation to which they have been put by having to pay reparations. It is not inhuman to pay them that constitutes Germany's financial woe.

THE REASONS

This home where happiness securely dwells Was never wrought by charms or magic spells.

A mother made it beautiful, but knew No magic save what willing hands can do.

She made it holy, not with length of years, Nor with her prayers alone, but with her tears.

Because she knew life's need, the grief thereof, She made it gay and happy with her love.

—Arthur Wallace Peach in The New York Times.

TO ONE THAT OVERLOOKS MY FAULTS

I heard it said that Love had lost his sight, And could not judge aright.

Nay, turning all this waste into use, But only very kind—

For, on occasion, I have seen him place His hands before his face,

And turn away, in utmost charity, From what he would not see!

REFORESTATION AND UNEMPLOYMENT

Sir,—Following is a copy of a letter just written by me to the secretary of the Canadian League of the British Empire Service League of Vancouver, and as the subject is of interest to the Canadian people, especially at the present time, I shall appreciate it very much if you give publicity to the same through the columns of your valuable medium.

FRANK J. D. BARNJUM.

"Mr. Robert Macnicol, J.P., Secretary, B.C. Provincial Command, Canadian League of the British Empire Service League, Vancouver, B.C."

"Dear Mr. Macnicol,—I beg to acknowledge with thanks the receipt of your letter of the 17th containing a copy of the resolution of appreciation of my humble efforts on behalf of forest conservation, which was recently passed by the Cowichan Branch of the Canadian League of the British Empire Service League and which was also endorsed and approved by the officers and members of the Canadian League of the province. A public expression emanating from such a large, important and influential membership of the Canadian League of the B.E.S.L. will have a greater effect than volumes of personal appeals, and I desire to express my sincere appreciation for this valuable contribution to the cause of forest conservation."

"When I came out from dinner at the hotel this evening I found a gentleman waiting to see me to ask me to use my influence to stop the hideous butchery that is even now going on in the Cameron Lake tract of timber, under the guise of road widening, in the last stand of virgin timber in that part of Vancouver Island."

"I had just spent the day with Mr. R. W. Hiberson, the forester, and with an expert tree photographer, in the Cowichan district having photographs taken of some of the magnificent giants of the forest."

"I might picture to the world one of the greatest attractions of this beautiful island, hence the information that schools for the deaf on this small area in the Cameron Lake country was being despoiled came as a decided shock to me. If this the hideous butchery that is even now going on in the Cameron Lake tract of timber, under the guise of road widening, in the last stand of virgin timber in that part of Vancouver Island."

American Legion Opposes Dry Law

DETROIT, Sept. 24 (AP).—The American Legion national convention today asked Congress to submit repeal or modification of the present prohibition laws to the states, with the request that each state submit the issue to its voters. The vote was 1,008 to 394.

which advocates of the regulation denounced conditions under prohibition and asked the league to assume leadership in the fight to seek a change through referendum.

STERLING AT MONTREAL
MONTREAL, Sept. 24.—Wide fluctuations in sterling exchange were again reported today by the Bank of Montreal, which quoted the rate as moving between \$4.07 and \$4.25. No definite quotations as to the close were issued.

FATHER GIVEN REPRIMANDING

William Nurse Subjected to Parade of Juvenile Witnesses in Saanich Court

"These witnesses are only children and you are a child yourself. I have heard enough of this evidence. I've told what I think of you. Now get out of this court and learn to control your own children better."

With this reprimand to William H. Nurse, of 481 Boleskine Road, Magistrate George Jay brought to a close one of the most amusing cases that have occurred in the Saanich police court for some time.

JUVENILE PARADE
Nurse was charged with common assault, and all the witnesses paraded before him, with the exception of one, were children ranging from a few years old to seven and eight years.

The most interesting of the children was the one who had apparently precipitated a boy's fight. He was about four or five years old, and walked into the court, looked around in a sort of a daze and then started to toddle up the steps leading to the magistrate's desk.

He was quickly brought back and placed in the witness box, and two dummies appeared on his cheeks as he smiled at the clerk, who spoke to him softly, so as not to frighten him.

BOY SURPRISED
After telling the court that a boy had struck him, he was asked to leave the witness stand when Magistrate Jay surprised him by asking why he had been struck. Quite frankly, the child told the court he had struck another boy with a stone over the head.

It appears that one boy had been handling the toy of another and that in order to secure the return of his toy the young proprietor struck the intruder over the head with a rock, whereupon the visiting playmate retaliated with a few cuffs over the head of the owner.

Nurse ran out from his home and struck the visiting playmate twice over the back of the head and knocked him down, whereupon the boy said he would "run and fetch the cops."

PREVIOUS COMPLAINT
Chief of Police Allan Rankin gave evidence that the accused on a previous occasion had been reported to have beaten his own child for nearly an hour on the front lawn, and that he had visited Nurse in answer to a summons from neighbors.

"He is a man who cannot keep his temper," the chief said. Nurse conducted his own defence, and when the testimony of four boys had been taken and he attempted to bring in others, Magistrate Jay interrupted with the remark that he had heard enough of the evidence and reprimanded the accused with a scolding himself. The case was dismissed.

WAGE CUTTING IS CRITICIZED

Says Major U.S. Industries Set Example in Bad Business Thinking

WASHINGTON, Sept. 24 (AP).—Disappointment in the administration over wage cutting evidenced itself today to the dismay of continued reports of some officials.

One high executive called the move in major industries another example of bad thinking in business. Another was not so sure of it. President Hoover kept his views to himself.

The denunciatory statement by William Green, president of the American Federation of Labor, charging the steel corporations with breaking faith and taking an unsound, unjust policy, attracted much attention here.

IS HOLE IN BOTTOM
One prominent official showed impatience with the changed wage policy of some corporations. He likened their action to punching a hole through a solid bottom, thus forcing construction of a new foundation at a lower level.

He doubted that small industries generally would follow the example. His contention was that the little companies, forced to scratch hard for business during the past year, have obtained a high degree of efficiency in plant and sales organizations, and now are able to meet the big fellows on better than even terms.

Obituary
BUTLER—The funeral of Mrs. Virginia Butler took place yesterday morning from Haywards' B.C. Funeral Chapel. The remains were taken to the late residence of the deceased, at Keating, where a short service was conducted. The cortege then proceeded to the Church of the Assumption, where mass was sung by Rev. Father Sheehan. Interment was made in the churchyard.

The large number of people attending the funeral and the profusion of beautiful floral tributes bore mute testimony to the esteem in which Mrs. Butler was held by all who knew her, and the family has a wide circle of friends who sympathize with them in their bereavement. The following acted as honorary pallbearers: C. H. Butler, C. T. Butler, R. T. L. Hagan, A. Morin and L. Morin. The active pallbearers were J. H. Sutton, H. Rowntree, W. McNally, George Hafer, H. Richardson and W. D. Mitchell.

FRASER—The funeral of Jean Fraser took place yesterday afternoon, at 2 o'clock, from Haywards' B.C. Funeral Chapel, in the presence of relatives and a few friends. The service in the chapel was conducted by Rev. James Hood, the two hymns sung being "Safe in the Arms of Jesus" and "Lead, Kindly Light." Interment was made in Royal Oak Burial Park, Rev. E. W. Carter officiating at the graveside. Many beautiful flowers covered the casket and hearse. The following acted as pallbearers: W. J. Johnston, P. T. Williams, H. R. Dawe, T. C. Ross, C. F. Barnes and E. F. Barnes.

LARSEN—The remains of Mrs. Helen Larsen, who passed away on September 22, are now resting at Haywards' B.C. Funeral Chapel. The funeral service will be held there on Saturday afternoon, at 2 o'clock, with Rev. Montague Bruce officiating.

SHEEPWAY—The funeral of Mrs. Charlotte Agnes Sheepway, who passed away in this city on Monday, was held yesterday afternoon, at 2 o'clock, from the parlors of the S. J. Curry & Son Funeral Home. Rev. O. L. Jull conducted the service in the presence of many friends. Many beautiful floral tributes were received. The following acted as pallbearers: A. M. Hamilton, F. F. Bullen, O. Corbett, C. J. Cowlishaw, J. Multhead and D. Corbett. Interment was made in the Royal Oak Burial Park.

BARNESWELL—There passed away yesterday morning, at the Royal Jubilee Hospital, Mrs. Alice Barneswell, wife of James Barneswell, of 1180 North Park Street, aged thirty-nine years. The deceased was born in this city and is survived by her husband, her parents, Mr. and Mrs. Louie Andrews, two brothers and one sister of this city. The funeral will take place Saturday afternoon, at 3 o'clock, from the Sands Mortuary Chapel, Rev. E. F. Church will officiate, and the remains will be laid at rest in Ross Bay Cemetery.

SELLERS—There passed away at an early hour yesterday morning, at the family residence, 2208 Fernwood Road, Mrs. Helen Mary Sellers, wife of Joseph S. Sellers, aged twenty-five years. Born in Scotland, she had been a resident of this city for the last two years. There survive her husband and one son, at home; her parents, Mr. and Mrs. Andrew Sutherland, and one sister in Vancouver. The remains are resting at the Sands Mortuary Chapel and will be forwarded to Vancouver, where the funeral will take place on Saturday afternoon from the Mount Pleasant Undertaking Company. The remains will be laid at rest in the family plot at Vancouver.

DIFFERENCE OF OPINION

Pacific Coast-European Conference Divided Regarding Rate Change

SAN FRANCISCO, Sept. 24 (AP).—An all-day meeting of the Pacific Coast-European Conference to consider changing the rate basis on grain and lumber from the Pacific Coast to Europe to the dollar from the pound sterling was adjourned last night, to be continued here today.

Conference headquarters announced definite action on the matter would be taken today. Failure to reach an agreement, which was not considered likely, may have a tendency toward movement of lumber and grain.

The change in the rate is the result of suspension of the gold standard by England, and the meeting of request of Pacific Coast shippers and member lines of the conference.

What Today Means

"LIBRA"
If September 25 is your birthday, the best hours for you on this date are from 10:05 a.m. to noon, from 4:15 p.m. to 6:45 p.m., and from 9:25 p.m. to 11 p.m. The danger hours are from 1 p.m. to 2:50 p.m., and from 7 p.m. to 9 p.m.

Strange and curious influences will be provoked by the planetary aspects of September 25. They will prompt sweeping changes in general, but you must not allow yourself to be stampeded. Delays will

be evidenced on the one hand, while on the other, sudden happenings will occur.

A child born on this September 25 will be quiet, affectionate and tractable. As the years roll on, it will grow more and more incommunicative, but will always be very observant. Although not especially clever, it will be endowed with common sense, and is destined to "make good."

You, if born on September 25, are often imposed upon, because you are rather gullible and give yourself too freely to others. Any tale of woe, and sob story, entitles your attention and commands your assistance—often to the detriment of your individual and family interest. You must be more discriminating and curb your impulsive characteristics. "The Good Samaritan" act is worthy of you; emulation, only when service rendered does not jeopardize the welfare of those near and dear to you.

You are very optimistic and enthusiastic, and your buoyant disposition generally sees you through difficulties. You should not, however, bank too much on proverbial good luck. You are too imaginative in business, it is desirable that you should associate yourself with one whose feet are firmly "on the ground," so that your flights of fancy, before you begin to soar, are reduced to a dollar-and-cent basis. If endowed with literary gifts, your ability to weave romance out of practically nothing, should lead you to success. You are a loyal and true friend—except to yourself. As a husband or wife, you will be complaisant, affectionate and demonstrative. As a parent, you will indulge the whims of your children and overlook their defects, with anything but satisfactory results.

Arterial Signs—For failing to stop before entering an arterial highway, three motorists were fined \$5 each in Saanich police court yesterday.

Found Guilty—Grace Davis, colored, was found guilty in the Provincial police court yesterday on a charge of selling liquor at the Chanticleer Inn. She was fined \$300 and \$2 costs.

Cyclists Fined—Jerry Ward, of Seven Oaks, and a Hindu named Pal, of 85 Regina Street, were fined \$5 each in the Saanich police court yesterday on charges of failing to carry lights on their bicycles.

Request for Grant—A request by the Victoria Musical Festival committee for a grant to assist the organization in its work was made to the Oak Bay Council yesterday. The matter was left over for next year's council to consider.

To Reassure Building—A building permit was issued by the City of Victoria yesterday to stucco a building at 630 Yates Street. The work will cost approximately \$1,400, and will be done by H. R. Frewing, contractor.

Reeve's Report—The report of Reeve E. C. Hayward respecting the Union of British Columbia Municipalities' convention was received at yesterday's meeting of the Oak Bay Council. It was decided to refer the statement to a committee of the whole. The reeve was thanked for his services as delegate.

To Survey Road—Survey of the route from Horseshoe Bay to Squamish, through Garibaldi Park, will be undertaken by the Provincial Government, with a view to starting construction of the route as a relief undertaking in the Vancouver area. Hon. R. W. Bruhn announced yesterday.

Highway Commission—A communication from the directors of the Automobile Club of British Columbia asking the council to support their efforts to establish a highway commission in the province, was moved and received and filed at a meeting of the Oak Bay Council yesterday.

Case Remanded—The case of A. W. Alexander, colored, charged with keeping liquor for sale, was remanded in Provincial police court yesterday until next Wednesday. Alexander was arrested when police raided the Chanticleer Inn and confiscated a quantity of liquor and beer.

Reviews Convention—The report of Trustees Mrs. James W. Bruhn, delegate to the British Columbia School Trustees' convention, was received at the meeting of the Equilmont School Board last night. The report was moved, adopted and a vote of thanks passed to Mrs. Bruhn for her services in attending.

School Debs Required—The request of the Oak Bay School Board for authority to use \$400, of \$800 appropriated by the Council for tennis courts, which were not constructed, to purchase desks needed in the High School, was granted at the meeting of the Oak Bay Council yesterday.

Visits Native City—Lester Wolfenden, of San Francisco, son of Jack Wolfenden, the proprietor of the Governor Hotel in San Francisco, is visiting in this city, of which he is a native. Lester Wolfenden attended school here and is now one of the companions of his younger days.

Registration of Voters—Up to last night a total of 708 registrations had been made for the privilege of voting at the coming municipal elections under the license and householders regulations. The figure is still away below the number registered in the same period of 1930.

Condolences of Council—At the meeting of the Oak Bay Council, yesterday, the municipal clerk was instructed to write to the relatives of the late William Henderson, who passed away yesterday, expressing the condolences of the council and its gratitude of his valuable service to the municipality while reeve.

Decision Reserved—Sava Dimityaz appeared in city police court yesterday morning charged with driving to the common danger. A motor truck, driven by him, was in collision with a street car at the intersection of Hillside Avenue and Fifth Street on the evening of September 10. A number of witnesses were heard, and the magistrate reserved his decision until today.

Referendum Taken—All ranks of the Civil Service are voting this week on the question of devoting a day's pay per month to the relief of unemployment. A circular letter from the Civil Service Commission was forwarded to every employee in the service, on the initiative of the organization itself. The reference is expected to take about ten days to complete.

Committee Meets—Hon. N. S. Loughheed presided at the inaugural meeting of the market extension committee of the Cabinet yesterday, when plans were laid for the future work of the group, which may be enlarged. Another meeting of the committee is set for today. Hon. N. S. Loughheed, Hon. Joshua Hinchliffe and Hon. William Atkinson comprise the committee.

Unemployed Night Classes—In order to encourage the young men and women, at present out of work, the School Board is sending out a notice, in the form of a questionnaire, to all those unemployed between the ages of fifteen and twenty to register in the night classes to start on October 1. Other classes will be formed if all registrants cannot be absorbed in those classes already established.

Will Prepare Report—The special committee of the Chamber of Commerce, which made the trip along the highways of Vancouver Island, calling upon the various Boards of Trade and discussing matters of mutual interest, met yesterday and decided upon the main features of the report covering the caravan tour. This will be presented to the directors of the chamber on Monday at a luncheon setting.

Prizegiving Tonight—The annual social evening of the Victoria Horticultural Society will be held at 8 o'clock tonight in the Memorial Hall, when prizes to successful competitors in the home garden competition will be awarded by Mayor Herbert Anson, honorary president. Refreshments will be served by ladies of the society, and members are asked to bring flowers for table decorating.

Board Confers With Mayor—Members of the Victoria School Board conferred with Mayor Herbert Anson at the City Hall yesterday afternoon in connection with the decision of the school teachers to voluntarily donate a percentage of their salaries to aid unemployment. Other matters were under discussion, including the proposal to have unemployment relief applied to the improvement of the city school grounds.

Requests From Parents—A request from Charles V. Milton, and parents of boys attending Chanticleer House School, that school some signs be placed east and west of the school on Cadboro Bay Road, was referred upon being received at a meeting of the Oak Bay Council yesterday evening. Traffic from the east, Mr. Milton stated, particularly of the gregarious, as the street car tracks have to be crossed from south to north.

Officers Elected—Officers for the 1931-32 term were elected at last night's meeting of Ward Four Saanich Conservative Association. Election of officers resulted as follows: President, Harry Holmes; vice-president, H. Penhew; secretary, Major Cunningham; executive, Mrs. P. Fisher, E. Rowland, Mr. and Mrs. W. J. Lynn, Mr. and Mrs. Munro, Mr. and Mrs. Holyoake, Mrs. Odray, Mrs. Penhew, Mrs. Gibbs, Mr. and Mrs. Fink, Mr. Stone and Kenneth Foster.

Change in Air Mail Service—Commencing today, according to an announcement made yesterday afternoon by Postmaster G. H. Gardiner, Victoria and Vancouver air mail will be carried by the Canadian Airways planes instead of by the Coastal Airways. Mails leaving Victoria for Vancouver will close at 10:45 o'clock in the morning instead of at noon as heretofore. Mails from Vancouver for Victoria will leave Vancouver at 2 o'clock in the afternoon, arriving here at 2:45 o'clock.

COLLECTIONS OF TAXES INCREASE

Larger Number Paying Levies in Advance to Avoid Penalties Added to Arrears

Judging from the amount of business transacted at the city treasurer's office yesterday, citizens of Victoria are well aware that only a week remains in which to pay their taxes before incurring penalties. Owing to the fact that the first penalty of 2 per cent does not come due until October 2, the public is given a day extra this year in which to pay debts.

The following is the scale upon which all additional taxes will be based: Up to October 16 2 per cent will be added; from October 16 to November 1, another 2 per cent will be added; from November 1, another 2 per cent will be added, and those who do not pay by the first of December will be liable to the full 8 per cent.

ANNUAL TAX SALE
The annual tax sale will be held on November 2, at 10 o'clock, in the Council Chambers.

Treasury officials are well pleased with the way the collections are coming in and predict that a full 60 per cent of the levy will be paid this year. A table just compiled in the treasurer's office shows clearly the increase in the number of people taking advantage of the prepayment plan.

INAUGURATED IN 1922
In 1922 only 670 persons prepaid their taxes, amounting to nearly \$200,000. The next year 1,790 persons adopted the plan. In 1929 3,325 persons paid in advance, and in 1930 the payments made by 3,494 people totaled \$525,021. This year a record was set when 3,724 citizens paid in all \$738,177.86. This sum amounts to more than 40 per cent of the total tax levy and almost 50 per cent of the collection expected.

Payments this month have been coming in gradually, to the extent of anywhere between \$5,000 and \$14,000 a day.

The collection of back taxes has been fair. Of the \$431,891 owing, \$76,804 had been taken in up to the end of August. During the first eight months of last year, \$89,212 had been collected of the \$448,396 owing.

Advocate Lower Freight Charges
WINNIPEG, Sept. 24 (CP)—Substantial reduction in freight rates on flour and grain from prairie points to British Columbia is urged in a resolution passed by the Interprovincial Trade Conference here tonight. The conference, comprised of representatives of the four Western provinces, also discussed freight rates on the Hudson Bay Railway and marine insurance rates on the Hudson Bay ocean route.

Clubs and Societies

Native Daughters

The Native Daughters of British Columbia, Post No. 3, met at the New Thought Hall, Fort Street, on Wednesday evening with the chief factor, Mrs. T. P. Waters, presiding. An installation ceremony was performed, when Mrs. H. Dalzell and Miss M. Gillies were made treasurer and outside sentinel, respectively, in place of Mrs. J. King and Mrs. P. Pomeroy, who have resigned from the office owing to illness. Preliminary arrangements were started for a Halloween bridge party, to be held in the New Thought Hall on the evening of October 28. The committee in charge of the affair will be Mrs. T. P. Waters, Mrs. H. A. Beckwith, Miss L. Smethurst and Miss A. Mason. Mrs. J. C. Newberry and Mrs. T. Hubbard offered to donate prizes. At the next meeting of the post, to be held on October 14, a jam shower will be held in aid of the Friendly Help Society. All members are requested to not forget to bring their pot of jam with them to the next meeting. The business of the evening was followed by a competition, the prizes for which were won by Miss Lilian Smethurst and Mrs. T. Hubbard. The hostesses for the evening were Mrs. F. Webb, Mrs. J. C. Newberry, Mrs. E. A. C. Grant and Miss A. Chow.

Silver Tea Held

A successful tea was given by the ladies of First United Church at the home of Mrs. A. S. Denny, Crescent Road, kindly loaned for the occasion, on Wednesday. A musical programme was greatly enjoyed and clock croquet proved a popular game. Piano duets were rendered by Miss Olive Campbell and

Miss Jessie Smith, and Billie Inglis and Kenneth Cave sang several duets. Mr. J. P. Jaffray played Scottish airs and Mr. W. Grant sang. Mesdames W. G. Wilson, A. S. Christie, R. L. McLennan and S. J. Drake poured tea. The ladies of the choir assisted in serving. Miss Marjorie Watson convoked the candy stall, which proved a great success. The committee in charge were: Mesdames S. Shaw, W. H. Wilson, J. Travis and Miss Jessie Smith, and their thanks are extended to all who so kindly helped to make the tea such a success. Miss Ella Smith reported gratifying financial results.

Chemainus W.B.A.

The Women's Benefit Association, Review No. 19, held its usual monthly meeting in the Knights of Pythias Hall, Chemainus, with a membership of twenty-four attending. Mrs. J. Cook, the president, presided. Final arrangements were made for a social evening for members and their families, to be held on September 28. The apron committee decided to hold its regular sale in the old hall on October 9. Birthday greetings were given Mrs. Cherrington. It was decided to hold meetings during the winter months at 7:30 p.m. instead of 8 p.m. At the conclusion of the business a fancy dress party was thoroughly enjoyed by everyone, the prize winners for the best couple being Mrs. Murray and Mrs. Jacobson.

Jubilee Alumnae

The Alumnae of the Royal Jubilee Hospital will hold a bridge party this evening in the Nurses' Home at the hospital. Play will commence at 8:15 o'clock, and further reservations may be made by telephoning Garden 4266 or Garden 4141.

Daughters of England

Primrose Lodge No. 32, Daughters of England, will meet this evening at 7:30 o'clock in the S.O.E. Hall.

Bishop Installed Amid Great Pomp

LONDON, Sept. 23 (CP).—Amid scenes of great pomp and splendour, Right Rev. Thomas Kidd, D.D., LL.D., was officially installed Bishop of London at a brilliant ceremony tonight in St. Peter's Cathedral. The edifice was crowded and hundreds could not gain admission. More than 300 members of the hierarchy and clergy from many points in Canada and the United States witnessed the installation.

MUNICIPAL CHAPTER DID USEFUL WORK DURING PAST MONTH

A largely-attended meeting of Municipal Chapter, I.O.D.E., was held yesterday at headquarters, the regent, Mrs. L. A. Genge, in the chair. Much new business was transacted, and it was decided that no steps be taken towards an I.O.D.E. building in Victoria, the matter to be brought up again at a more propitious time. Mrs. Genge was appointed as representative of the I.O.D.E. to the Local Council of Education, on request of the committee for a member of the chapter on the board.

It was reported that the sum of \$822 had been spent in Victoria during the past six months on child welfare and social service work alone, and that further effort along these lines would have, of necessity, to be curtailed, owing to insufficient funds. The sum of \$25 will be sent to the bursaries, with promise of more from primary chapters. Mrs. Sydney Oliver, educational secretary, read an interesting report, stating that a great number of

Bursaries had been awarded and many students, who would otherwise have had to discontinue their schooling, had been materially assisted. Mrs. B. H. T. Drake emphasized the need for support of the workrooms for the unemployed women. A tea will be held at Spencer's tearoom on September 29, when details of the workroom and its operation will be discussed. Standard bearers were asked to attend the semi-annual meeting in Duncan, and Mrs. Ernest Eve undertook to arrange the transportation. Those wishing to go were asked to communicate with Mrs. Eve. The next meeting of the chapter will be held on October 22, at 7:30 o'clock, at headquarters.

Eczema Formed Tiny Water Blisters. Healed by Cuticura.

"Eczema broke out on my neck. It started with an itchy feeling under the skin and then broke out in a rash. It formed tiny water blisters which were very itchy and sore. After a while the blisters would break and a watery substance would come from them. The itching grew worse at night when my body got warm, and sometimes I was awake half the night with it."

"My mother advised Cuticura Soap and Ointment and purchased some. In about three months I was completely healed after using two cakes of Soap and one box of Ointment." (Signed) Miss Betty Fraser, Chancery, Alta.

Performance Week

Sept. 25-Oct. 3 At All Victor Dealers

A really conclusive test of radio value

Here is the opportunity to judge radio on nothing but facts — facts which establish the highest standards radio has ever been called upon to face.

THROUGH the breadth and rigidity of the "7-Point" test, Radio Performance Week provides you with the means for choosing your radio safely and wisely. Here is a real test... tangible... severe... conclusive — an infallible yardstick for measuring all the essentials of radio satisfaction and value.

The "7-Point" test eliminates the influence of exaggerated claims. It eliminates the glamor of extravagant phrasing. It eliminates everything but facts — hard and fast facts. Performance, and only performance, can meet the rigid requirements of this test.

Use Radio Performance Week... September 25-October 3... to remove all doubt in choosing your radio. We believe that critical application of the "7-Point" test will establish one radio as outstanding in quality, beauty, value and performance — Super-Heterodyne Victor Radio... the advanced Super-Heterodyne!

Your Victor dealer is featuring special demonstrations every day during Performance Week. Visit him today. Consider facts... then decide.

VICTOR TALKING MACHINE COMPANY OF CANADA LIMITED—MONTREAL
MASTER BUILDERS OF RADIO

The 7-Point PERFORMANCE TEST

consists of these all-important questions

- 1 Is the tone convincing, life-like, enjoyable?
- 2 Will the set separate the powerful from the weak stations with no overlapping? Can it tune out "local" with a hair-breadth turn of the dial?
- 3 Has it sufficient power to reach out into vast distances and bring in the station you want with good volume — clearly, precisely, without distortion?
- 4 Is there smooth control of volume from maximum to minimum? Can you tune in without noise or blasting?
- 5 Is the cabinet beautiful, modern, and designed to harmonize with the home furnishings? Is it acoustically-correct?
- 6 Does the tone control device give you complete mastery of the musical scale, from highest treble to deepest bass?
- 7 Has the manufacturer vast experience, scientific and engineering resources? Is his name known for dependability?

Fred Perry Wins Way to Semis in Southern Tennis

Young English Davis Cup Star Defeats Keith Gledhill in Straight Sets—George Hughes Loses Hard-Fought Match to Van Ryn

LOS ANGELES, Sept. 24.—Fred Perry, England's young Davis Cup star who has been playing brilliant tennis since he and his Davis Cup partner, George Hughes, invaded United States tennis tournaments earlier in the year, carried the British colors into the semi-final of the Pacific Southwest men's singles championship today. Perry defeated Keith Gledhill, Santa Barbara, national intercollegiate singles champion, in straight sets, 6-3, 6-2, 6-3.

As a result of his victory today Perry will meet George Lott, Philadelphia, in the semi-final, as the latter defeated Lester Stofen, Los Angeles, 6-3, 9-7. Hughes, the other British entrant, was put out of the running after a hard battle with John Van Ryn, 6-3, 3-6, 6-2. Ellisworth Vines, national singles champion of Pasadena, defeated Gregory Mangin, Newark, N.J., 3-6, 6-3, 6-4. Vines and Van Ryn make up the other bracket of the semi-final matches.

SAILORS HOLD ANNUAL MEET

Hibbert Captures Aggregate Cup With Three Firsts and a Second

MRS. FORDHAM JOHNSON DISTRIBUTES PRIZES

Gaining three firsts and a second, Hibbert, member of the sailing corps, captured the aggregate trophy at the annual sports held by the West Coast Division of the Royal Canadian Navy at the New Recreation grounds, Esquimalt, yesterday afternoon. Ideal weather conditions greeted the various athletes and a good attendance witnessed some close competition. Among the interested spectators were Lieutenant-Governor and Mrs. Fordham Johnson, Commissioner V. G. Broder, senior naval officer, and Commander I. Agnew, commander-in-chief, R.C.N. Barracks.

General arrangements were in the hands of Lieutenant-Commander J. C. Edwards, honorary president; William Thompson, honorary vice-president; P. Van Froome, president; Wilfred Schroeder, vice-president; Reg Burton, secretary-treasurer; executive committee, Messrs R. M. Warburton, Kay Mulcahy, Terry Peers and A. McVane.

Second Division Football Entries Close on Monday

PROVIDING enough entries are in the hands of the secretary by Monday evening, officials of the Victoria and District Football League will operate a second division during the 1931-32 season. Up to the present only one club, James Island, is entered. Any squad considering applying for a franchise in this section is asked to communicate with Secretary D. C. Robertson, 3531 Saanich Road, as soon as possible or send a delegate to the next meeting of the league.

LOUGHRAN MAY MEET ITALIAN

Philadelphia Heavy Anxious for Fight With Primo Carnera

JACK SHARKEY OUT WITH INJURED HAND

NEW YORK, Sept. 24 (AP).—Primo Carnera, the vast Venetian, and Jack Sharkey are scheduled to box fifteen rounds on the night of October 12. But what with the signing and having going the rounds today the only thing the faithful can be certain about is that October 12 will be Columbus Day. Tommy Loughran may leave the club in Ebbets Field on October 1, or later, if a substitution is decided on.

After several days of complaint Jack Sharkey appeared before four doctors at the New York State Athletic Commission today with an injured left finger and a request that the bout be postponed from the original date, October 1.

After much argument the commission set October 12 as the new date, ordered both fighters to post \$5,000 appearance forfeits by tomorrow noon, and gave Carnera permission to meet a "suitable" opponent at Ebbets Field October 1.

Sharkey's indefinite opponent, while Jimmy Johnston, the promoter, hurried around to start negotiations with Loughran as Carnera's opponent on the first, Sharkey talked to newspapermen and indicated that he would not be ready to fight on October 12 either.

He answered a flat "No" to the direct question: "Do you think you'll fight Carnera October 12?" Loughran said he was willing and even eager to swap punches with the Italian giant, who would weigh him almost 100 pounds.

Tommy's boxing skill in the past year has overcome such glances as Max Baer, Ernie Schaaf and Victor Campolo, who is even taller than Carnera but scarcely as massive. Joe Smith, Loughran's manager, said articles for a fifteen-round match would be signed tomorrow.

OLD COUNTRY FOOTBALL LONDON, Sept. 24 (CP).—Results of league football matches played in the British Isles today, were as follows:

ENGLISH LEAGUE Third Division—Southern Section Brentford, 3; Reading, 0.

Rugby—Rugby Union Bath, 21; Clifton, 5. Swansea, 11; Cardiff, 7.

County Match Devon, 12; Lanchester, 26, at Barnstaple.

Rugby League Hull, 7; Batley, 3.

Important Gathering Scheduled Saturday—Philadelphia and Ottawa May Not Operate

MONTREAL, Sept. 24.—Hockey circles are agog with rumors in anticipation of the National Hockey League meeting here Saturday.

It is hinted that a new rule will improve refereeing by giving full authority to the referee to inflict and report penalties, leaving his conferees simply to check offends and watch the face-offs for infractions.

Clint Benedict, veteran goal tender for Ottawa and the Maroons, is said to be seeking a referee's job in the National League this year. Rumor also has it that if the Philadelphia team does not function, Cooper Smeaton will return to the ranks of the arbiters.

If Philadelphia and Ottawa are out of the circuit this year, it is thought possible that their players will be distributed among the weaker clubs of the loop.

Junior Tourney Billed Tomorrow At Uplands Club

A competition for junior members of the Uplands Golf Club will be held at links tomorrow morning.

The tourney will be over eighteen holes medal play with full handicap allowance. The winner will hold the coveted trophy for the next twelve months and will receive an individual cup to keep.

British Champion Reaches Semis in U.S. Women's Golf

Enid Wilson Defeats Countrywoman, Marjorie Kerr, 4 and 3—Mrs. Vare, Helen Hicks and Virginia Van Wie Advance to Last Four

BUFFALO COUNTRY CLUB, WILLIAMSVILLE, N.Y., Sept. 24.—Queens of United States and British golf, Gianna Collett Vare and Enid Wilson, reached the semi-finals of the United States women's championship today in a match that brings together two of the longest-range feminine games in golf.

In spite of a penalty at the thirteenth hole, Miss Van Wie played a brilliant round in 77 strokes. Miss Kerr's total was 79.

The other semi-finalists scored impressively. Mrs. Vare was out in 38, two under women's par, and gained a 4 up lead.

Miss Hicks, out in 40, took swift advantage of Mrs. Presler's erratic play to become 4 up at the ninth.

Miss Wilson had no trouble disposing of her British rival, Miss Kerr, after capturing four straight holes to become 4 up at the turn. After a brave start, Miss Kerr's game went to pieces.

Jokers Will Battle James Island Team Jokers' senior eleven will battle James Island tomorrow afternoon at the Royal Athletic Park at 2 o'clock in an exhibition fixture. With both teams fielding strong squads, an interesting tussle is expected to take place.

KLEIN LOSES BIG SIX PLACE Philles' Heavy Hitter Fails to Connect in Four Trips and Bottomley Gets Berth

Chuck Klein, the only National League batting leader to play a regularly scheduled game yesterday, yielded his place in the Big Six to Jim Bottomley, of St. Louis, slipping out to fourth in the National League standing. Klein failed to connect with Pittsburgh pitching in four times at bat and dropped three points to 338.

Eddie Morgan remained out of the Cleveland lineup and lost a chance to gain on his American rivals. Al Simmons, the Big Five leader, was the only other member to get into action. He lost two points, hitting safely only once in five times up.

The standing:

Simmons, Athletics 127 348 104 188 389
Bath, Yankees 141 318 144 183 272
Morgan, Indians 131 403 87 182 359

Terr, Giants 135 392 126 213 348
Bottomley, Cards 128 371 111 184 341
For the second successive day no home runs were hit.

Wednesday Soccer Loop Will Open on October 14 Double-Header Carded at Royal Athletic Park—Hewison Is Re-elected President for Third Successive Term—Four Teams Entered

With all the pomp and ceremony that marks the opening of another soccer season, the curtain will go up on the 1931-32 season of the Victoria and District Wednesday Football League Wednesday, October 14, when a twin bill will be presented at the Royal Athletic Park. Promptly at 2 o'clock the Navy, last year's champions, will do battle with their friendly rivals of the service, the Tommies from Work Point Barracks. This tussle will be followed with the youthful Saanich United aggregation battling Percy Shrimpton and his bustling Hudson's Bay eleven.

Regional Hayward, M.P.P., donor of the Hayward Cup, and Reece William Crouch, of Saanich, will be asked to officiate at the opening. Mr. Hayward will bowl the ball for the opening of the Garrison-Navy

COLWOOD CHAMPION TO BATTLE HELEN WILSON FOR TITLE

Mrs. Sayward-Wilson, Tourney's Medalist, Reaches Final by Victory Over Mrs. Bennett, 5 and 4—Oak Bay Youngster Eliminates Mrs. Paterson After Close Match, 2 Up

Final to Start at 1:30 o'Clock; Flight Finals Carded in Morning

Two fine golfers, one with plenty of tournament experience behind her and the other a youngster with lots of determination, will battle it out this afternoon at the Royal Colwood Golf Club over the eighteen-hole stretch for the women's city golf championship, as a result of their victories in the semi-finals yesterday. Mrs. Sayward-Wilson, Colwood champion and the experienced star, will match strokes with Helen Wilson, Oak Bay, for the crown relinquished by seventeen-year-old Marjorie Todd this year. Both scored impressive wins in the semis, the former eliminating Mrs. Bennett, Colwood, 5 and 4, and the latter accounting for Mrs. New Paterson, Oak Bay, two up.

The championship march will get underway at 1:30 o'clock this afternoon. A large gallery is expected to witness the Colwood and Oak Bay members struggling for the vacant throne. Selecting a winner would be difficult as the pair waded through some stiff opposition to reach the last bracket. Helen's great victory over Mrs. Jackson, Uplands monarch and last year's runner-up, in the opening rounds still remains the highlight of the tourney. Mrs. Sayward-Wilson swept through to the medal honors with a card of 90, which is a good indication that she is playing strong golf.

HELEN STARTS WELL Starting off in spectacular style, Miss Wilson took the first two holes from Mrs. Paterson, chiefly due to fine work on the capes. Mrs. Paterson unlooked steadily golf and the match was squared at the short fourth. Helen came right back with her lightning spirit and took the fifth and sixth to go two up for the second time. Mrs. Paterson captured the short seventh, the eighth was halved and Mrs. Paterson won the ninth and the pair started the homeward jaunt on even terms.

Lacking out a fine drive and a long second, Mrs. Paterson went out in front by winning the dog-leg tenth. The eleventh was halved and Helen squared matters for a third time by taking the long twelfth. The young Oak Bay ace continued to shoot brilliant golf and reached the fifteenth green dormie three. Fighting with great courage to shake off defeat, Mrs. Paterson prolonged the battle by winning the next two holes to be one down and the eighteenth to play. Helen won the last hole and the match to end the argument.

WINS THREE IN ROW After dropping the first hole and having the second, Mrs. Sayward-Wilson settled down to business against her clubmate, Mrs. Bennett. The match was halved and Mrs. Wilson won the next three holes. The medalist lost the sixth, but came back strong to capture the seventh and eighth. The ninth was halved and Mrs. Sayward-Wilson started the last leg of the journey, three up.

The Colwood star increased her margin by taking the tenth. The eleventh was halved. Mrs. Bennett sliced her opponent's lead by rallying to win the next hole. However, the match ended on the fourteenth green when Mrs. Sayward-Wilson won the previous hole and the next one to win, 5 and 4.

Mrs. Jackson and Mrs. C. E. Wilson will fight it out for the first flight honors. Yesterday the former defeated Miss Fitz-Gibbon, 5 and 4, while the latter put out Mary Campbell, 6 and 5.

Following the final, long driving and approaching competitors will take place, while putting will be carried out all day.

Results and today's draw follow:

CHAMPIONSHIP Mrs. F. Sayward-Wilson won from Mrs. Bennett, 5-4. Miss Helen Wilson won from Mrs. H. Paterson, 2 up.

SHIPPING MONTMON APPLIES PENTICTON.—Penticton is now right in the heart of the big McIntosh apple rush. The release of this popular variety was set for Monday, September 21, when carloads of Macs were shipped from the valley for Prairie, Coast and Eastern Canada consumption. Already a few cars of Macs have gone to the export markets. This year finds the McIntosh with better color, size and quality than in any year since 1926, according to the Penticton Co-operative manager L. Roadhouse.

MONEY DISCOUNT BOTHERS DUKES

Canada May Not Enter Winter Olympic Sports on Account of Exchange

TORONTO, Ont., Sept. 24.—The discount on Canadian money in the United States may mean that the Canadian Olympic Committee will decide not to participate in the Olympic games, under the auspices of the United States, to be held at Lake Placid, N.Y., next February for winter sports, and in Los Angeles, California, next August for the summer games.

"We are faced with that situation at the present time," said F. J. Mulqueen, chairman of the committee, today. "Under ordinary circumstances it is a difficult matter to finance the Olympic trip, and at this time it is increasingly difficult because of business conditions. Now, along comes the United States and says, the Canadian dollar is no good unless there is a large discount in its value. My impression is that, if the situation is not rectified and the Canadian dollar recognized as of equal value with the United States dollar, Canada will not send any athletes to the Olympic games of 1932."

In any event a meeting of the Canadian Olympic Committee will be held shortly when the whole situation will be reviewed and a decision made.

Governor Pleads For Conservation Of Fish and Game

HOT SPRINGS, Ark., Sept. 24.—Governor Doyle Carlton, of Florida, last night appealed to sportsmen of the nation to co-operate with protective organizations and commissions in conservation of fish and game.

Speaking before a joint banquet of the American Fisheries Society and the International Association of Game, Fish and Conservation Commissioners, Governor Carlton expressed doubt laws can be made rigid enough and enforced sufficiently to preserve wild life.

The American Fisheries Society, at the concluding session of its annual convention yesterday, elected as president, A. Rodd, Ottawa, chairman of the Fish and Game Commission for Canada.

Britain's Business Interests Getting Cruise Ship Ready

Reconditioned Liner, Named British Exhibitor, Will Leave Port of London on November 1 With Exhibits of Old Country Products

Now at the Port of London, where final touches are being made aboard the ship and where the exhibits are being installed, is the British Exhibition Ship, Limited, in an extended cruise to the Americas, in the course of which Victoria and other British Columbia coast cities will be visited.

It was a splendid conception on the part of the promoters of this practical innovation in advertising products turned out in Great Britain, and no doubt will justify every hope which the exhibitors, having space aboard, place in the venture. Sending these ships around the ports of the Seven Seas would indicate, too, that the business men of the British Isles are not overlooking any legitimate way in the matter of extending their markets. The cruising ship, with its exhibits, will be vastly more effective than any exposition of a country's resources confined to buildings of grounds could possibly be. Only a limited number of people can attend, whereas the ships can reach much greater and diversified audiences on their cruises from port to port.

CHRISTENED RECENTLY
At Messrs. Cammell Laird's Birkenhead yard, a unique christening took place a short time ago. The ship that will carry British goods into the foreign markets and thus attempt to open the trade revival, the British Exhibition Ship, was christened by Lord Derby. She is the reconditioned Bibby liner *Leicester*, of fifteen knots speed and 8,000 tons, fitted with 500 exhibition stands.

ON BUSINESS BASIS
"Special publicity agents will precede the ship at each port and make all the arrangements for her proper reception. Market reports will be provided in each port. We have worked out all the details on a business basis, and special sales instructions are given to the salesmen in charge, and kept in safe custody on board by the sales manager.

"The support we have received for this ship shows that the scheme appeals as a practical business proposition. Of course, the ship will do infinitely more than the largest land exhibition ever created, and should prove the opening up of our sorely needed British trade revival."

DRASTIC STEPS ARE NECESSARY

Dir. of Whit. Star Line Told of Operating Conditions by Chairman

LONDON, Sept. 24 (AP).—Sir Walter Runciman, presiding today at a meeting of directors of the White Star Line, told his associates that drastic measures must be taken if the shipping company is to continue to operate.

"It must be obvious," he said, "that the company cannot continue operations unless something drastic is done, for it is losing money all the time. What steps we will take I am unable to say at the moment, but strenuous efforts are being made to protect the good will of the line."

The company's accounts for the year show a deficit balance of \$167,000.

WHEAT CARRIER PASSES TO SEA

Farnworth Well Out of Hudson Strait With Trial Shipmen it for London

CHURCHILL, Sept. 24 (CP).—First carrier of prairie wheat as a trial shipment over the Hudson Bay route, the steamer *Farnworth*, today is well out of Hudson Strait en route to London. According to the Churchill station of the radio branch, Department of Marine and Fisheries, the *Farnworth* passed Cape Chidley at the eastern end of the straits on Tuesday night.

The *Farnworth*, carrying the second half of the 545,000-bushel trial shipment overseas, four days in the wake of her sister ship, was reported as half-way across the bay to the straits. She cleared on Tuesday afternoon with 268,000 bushels.

Figures Show Number Of Licences Issued

Canada issued 466,851 radio licences up to the end of August, as against 523,100 at the same period in 1930, according to figures released yesterday by E. J. Haughton, divisional superintendent of the radio branch, Department of Marine, Ontario is the leading province in the number of radio licences issued with 299,806, as against 260,359 in 1930. British Columbia is the only Western province which shows a greater number of licence holders for the current year, having 45,058 as against 43,644 in 1930. Victoria and district has a total of 6,995 radio licences.

India's 1931 wheat crop is estimated at 9,302,000 tons.

GAINS SHOWN IN BRITISH MARKET

Lumber Exports From British Columbia Double Combined Business of Washington and Oregon

Waterborne shipments of lumber from British Columbia during August totaled 46,328,916 feet board measure, and in addition, 2,212,680 logs and bolts were certificated, according to figures just issued by the Pacific Lumber Inspection Bureau, Inc. Exports from British Columbia, Washington and Oregon for the month were 322,477,603 feet, against 334,240,080 feet in July. For the first eight months of the year the Pacific Northwest shipped 2,584,157,556 feet by water, as against 3,125,009,981 feet in the same period in 1930.

A survey of the exports from the three areas shows Washington leading in the Japanese trade, with British Columbia second; to China, Oregon is in the lead, while to the United Kingdom, the British Columbia exports were greater than the two other areas shipped together.

Following is a summary of the British Columbia exports in August:

ANOTHER DEVICE FOR THE HARD OF HEARING

I have spoken before about the different devices now available to enable the deaf to hear. They have opened up a new world to those hard of hearing, as they can now go shopping, answer the telephone, attend church or theatre, in fact do everything a normal person can do, owing to the aid of these cunningly hidden devices can give.

Many cases of deafness are due to middle ear disease, because when the disease itself heals, the little bones carrying the sound from the drum of the ear are found to have grown together into one solid bone which is unable to carry the sounds as did the three "little connecting bones."

It is interesting therefore to read of another little device whereby Professor Frederick Bedell, professor of physics at Cornell University, has been able to make the teeth take the place to some extent of the little bones in the ear. The professor invited some friends to his home and had each of them bite gently a long piece of wood with a sharp, pencil-like point. They placed the sharp points on a tiny metal disk on the table and were able to hear a phonograph the sound of which could not be heard without this little device.

The tiny metal disk was a special sound receiver for the deaf, transmitting its vibrations through to the wood. By biting the other end of the stick lightly, the listeners could hear, and to two of them at least, the music sounded as perfect as if heard by the ear.

Professor Bedell said he perfected the device in hope that it would be useful for the deaf in listening to talks and radio. The receiver would be placed on the back of seats, and the straw-like sticks would cost but a trifle. They are ordinary wood.

The sound vibrations pass directly to the auditory nerves through the bones. Professor Bedell said that only destruction of the auditory nerves prevents hearing by the teeth method.

The point then is that in patients where the ear drums are destroyed this method will enable them to hear.

It is certainly gratifying to see all these new devices coming to the help of our hard-of-hearing friends thus making life very much more worth living, by enabling them to take their rightful part in family and community life.

The small boy was having tea away from home, but when his hostess asked him to have another piece of cake he refused.

"Why," she inquired, "are you troubled with a poor appetite?"

"No," he replied, "but I'm troubled with politeness!"

Nan Eaton, was in the chair. At the short business meeting which preceded the social part of the evening, some consideration was given to ways and means whereby the University Women's Club could assist in the relief work which is so necessary at the present time. The matter of supplementing the bursary to help students who require assistance was also tentatively discussed.

Mrs. Jameson sang several solos during the evening, these being songs by Lady Nairne, and in one duet she was assisted by Mr. Jameson, Mrs. McNell playing the accompaniment. Several new members joined last evening.

Refreshments were served after the president had expressed the very warm appreciation of the members to the hostesses of the evening.

HOW IT STARTED
JEAN ARTHUR

"IT SUITS TO A T"
"It is true," writes one of our readers, "that 'it suits to a T' is grounded in the fact that the word 'suit' ends with 't', so, to 'suit to a T' would mean to suit completely, absolutely."
The answer is no.
"It suits to a T," is drawn from the world of mechanics, where draughtsmen in whose work ac-

curacy and precision are imperative, insure exactness and uniformity in their angles and perpendiculars by using an instrument called the "T Square" or "T Rule," which has the shape of the letter from which it derives its name.
So, originally, the expression "it suits to a T" meant simply that the thing referred to was in perfect form, as a piece of workmanship would be after having been measured and tested by the "T Square."
With the passage of time, the phrase has lost its technical application and become a synonym for thorough satisfaction with anything.
China will spend \$86,000,000 on public works before next January.

COMMON DANGER CASE IN COURT

Percy Thomsett Guilty in Connection With East Saanich Road Accident

Percy Thomsett, of 1219 Chapman Street, was found guilty of driving to the common danger and fined \$25 in the Saanich police court yesterday afternoon.

His case emanated from an accident which occurred last Sunday, on the East Saanich Road, near Saanichton, in which eight-year-old Kenneth Earl, son of George Earl, of 2133 Spring Road, was thrown from an automobile and injured.

Questioned by Harold Tait, Mr. Earl said he was driving along East Saanich Road when a car, proceeding in the same direction, southward, passed him on the highway and sideswiped his machine as it darted in front of him.

FORCED UP EMBANKMENT
The impact, he said, threw his car out of control and forced the machine upon an embankment. Jolting of the car, he said, threw his son, Kenneth, to the road and injured the back of his head.

Witness said he was traveling about twenty-five miles per hour, and that the car behind him of necessity had to go at least thirty miles an hour in order to pass.

Another machine was approaching in the opposite direction, Mr. Earl said, and was forced off the pavement when Mr. Thomsett passed his car. Sitting in the front seat with Mr. Earl were two of his boys, while in the back seat were his wife and four other children.

SLACKENED SPEED
H. C. Alexander, of 1237 St. David Street, testified he was proceeding north on the East Saanich Road when he saw an automobile over-

take another machine and start to pass it. He said he slackened the speed of his car in order to let the approaching car pass, but that the machine driven by Mr. Thomsett grazed the car driven by Mr. Earl. He said he saw a boy fall out of the car, and that Mr. Thomsett's machine failed to stop.

SAW OTHER MACHINE

Mr. Thomsett said she was driving with her husband and that when they had tried to pass Mr. Earl's car farther back on the road, the driver had maintained the middle of the highway despite the fact that the horn signal had been given. They tried to pass again when there was an open stretch, and when they were level with Mr. Earl's car they saw another machine approaching. She felt a slight impact, but did not know that the two machines had struck.

Mr. Thomsett, represented by W. H. Bullock-Webster, gave similar evidence and stated that if he had known his car had struck Mr. Earl's he would have returned to the scene of the accident.

Magistrate George Jay said that it was a clear case of negligence on the part of Mr. Thomsett. Accidents were too often caused by passing a machine when a third car was approaching from the opposite direction, he asserted.

VANCOUVER HAS BIG WORKS PROGRAMME

VANCOUVER, Sept. 24.—Civic representatives estimated Wednesday, in conference with Hon. R. W. Bruhn, Provincial Minister of Public Works, that the city's unemployment relief works programme will cost about \$2,500,000.

This amount will cover street and boulevard improvements, as well as airport, school board and parks board works.

Lightfoot's Cousin

By THORNTON W. BURGESS

Our friends 'tis given us to choose: Our relatives we can't refuse.

—Lightfoot the Deer.

Lightfoot the Deer is fortunate in the matter of relatives. Yes, sir, he is fortunate. He has no one whose relationship he need be ashamed of and wish to deny. Even Flat-horns the Moose, though anything but handsome, is magnificent in appearance, and graceful Lightfoot would be the last to deny relationship.

Farmer Brown's Boy had gone by himself to do a little exploring, as he called it. He had worked some distance down the gulch or canyon near the head of

which the old cabin was situated. He was startled by a crash in the brush off to one side. Peeping through he saw a big animal bound away for a short distance and then stand and turn with head thrown high, gazing suspiciously at the spot where he was hidden. A member of but one family could leap and bound as this one did.

"Lightfoot the Deer!" he exclaimed under his breath. Then as the big Deer stood facing him a puzzled look crept over the face of Farmer Brown's Boy. It was a Deer. There was no doubt about that, no doubt whatever. It was a Deer, but somehow there was something unfamiliar about this one.

"It is Lightfoot and it isn't Lightfoot," continued Farmer Brown's Boy to himself. "This fellow is bigger than I remember Lightfoot to be, and he isn't quite so graceful, but it is something else. Now what is it?"

Then all in a flash it came to him. "It is those ears!" he exclaimed. "That is what it is, those ears. He looks as if he has borrowed a pair from a Mule. My, my, such ears for a Deer. I thought Lightfoot had good-sized ears. Anyway they are not small for his size. But this fellow's ears are much bigger and broader. And now I look more closely there is something odd about his antlers. It isn't that they are in the velvet now for I have often seen Lightfoot with his horns in the velvet."

By being in the velvet he meant that the horns, the antlers, were still covered with the velvet-like skin with which they are protected during the period of growth and while they are hardening.

"They are as handsome as Lightfoot's and I don't know but hand-

"It is Lightfoot, and it isn't Lightfoot," continued Farmer Brown's Boy to himself.

somer," continued Farmer Brown's Boy in his thoughts, the while he scowled in his effort to determine what it was that seemed odd about them. Suddenly his face cleared.

"I know now!" he exclaimed aloud, forgetting for the moment that watching Deer. The latter bounded for a jump or two and again stopped, not yet certain of the cause of his alarm. He gave a better view of his antlers and the difference between them and those of Lightfoot was better seen. "It is in the branches," continued Farmer Brown's Boy to himself. "Each branch of Lightfoot's is a single sharp spike, but each of this fellow's spikes or tines ends in a fork. I wish he would turn so that I can see his tail."

As if in answer to that unspoken wish, the Deer settled sharply, the whistle of alarm, and turning, bounded away in such jumps as Farmer Brown's Boy had never seen. And at the same time he got a good view of his tail. Instead of the flaring upright white tail Lightfoot holds so stiffly erect when running, this fellow carried his tail hanging and switching from side to side. It was round and white, but it ended in a black bushy tip.

"It is Forkhorn the Mule Deer!" cried Farmer Brown's Boy. "I ain't ever heard him called Forkhorn, but he is a Mule Deer sure enough. Some folks call him Jumping Deer," said Stumpy, who had come up unseen by Farmer Brown's Boy. It was his approach that had alarmed Forkhorn.

TO CONFER WITH LABOR MINISTER

Mayor Herbert Ansonb Will Interview Senator Gideon Robertson on Relief Plans Today

To discuss final details in connection with the city's unemployment programme of proposed works to be undertaken this winter, Mayor Herbert Ansonb will confer today with Senator Gideon Robertson, Federal Minister of Labor, at the Parliament Buildings this morning.

Mayor Ansonb had a conference with Hon. R. W. Bruhn, Provincial Minister of Public Works, who expressed a desire to assist, in every means at his command, the city of Victoria in its endeavor to get the works under way and will make arrangements for the conference with Senator Robertson. Victoria is planning to expend approximately \$500,000 in unemployment relief works this winter and has already submitted its programme to the Provincial Government. The conference today, Mayor Ansonb intimated, would be to discuss with the Senator the question of financing and to ascertain, if possible, what percentage the city would be obliged to pay for any

moneys loaned to it through the Provincial Government. The Mayor stated yesterday he hoped to obtain the acceptance of the complete programme of works. Until all details have been settled, no announcement may be made as to when the city's works will be started, but the Mayor stated, there will not be any more delay than is absolutely necessary.

ADDRESSES GYRO CLUB
